

SMART EFFICIENCY FINANCING IS HERE

A better way to pay for
your home upgrades

Why RenewPACE?

RenewPACE is a government-supported financing program from Renew Financial that provides upfront funding for home energy efficiency, renewable energy, and wind resistance improvements. Simply apply, complete your projects, and repay on your property taxes over the course of up to 25 years.

RenewPACE is a Property Assessed Clean Energy program. This innovative property-based financing is based on the equity you have in your home, not personal credit. It was created by national energy finance leader Renew Financial in partnership with state and local governments to encourage energy efficiency while creating jobs.

Efficiency. Financed in Five Simple Steps.

RenewPACE is a smart solution for homeowners:

Government-supported financing

RenewPACE is a public/private partnership designed to support homeowners, and communities too. That's financing you can count on.

True Fixed Rate™

When you choose RenewPACE, you're assured an affordable fixed interest rate and annual payments that never rise.

Local registered contractors

All projects financed are completed by RenewPACE Registered Contractors in your community who have been trained on our financing and meet program standards, including having proper licenses and insurance.

"After looking at a number of different ways to finance the work, RenewPACE offered by far the best choice. I can make my home more comfortable and more energy efficient while increasing its value. It's a win all around!"
